CECOS University

Our Mission

The Edex School is committed to active, reflective and creative learning. We believe learning is maximized when it takes place in an environment enriched with support, encouragement and assistance. We are committed to nurturing high self-esteem and respect for others; we believe that everyone can learn, become a better thinker, and an independent learner.

An integral part of our learning process will have our students understand how to ask questions, solve problems and make thoughtful decisions. We intend to help students develop active and creative minds a sense of understanding and compassion for others, and the courage to act on their beliefs. The total development of each child: spiritual, moral, intellectual, social, emotional, and physical, shall be stressed upon.

What is needed is a new approach to education. In today's world that means combining education and entertainment and using the technology that is familiar and engaging.

Edex school is using the latest in educational technology to enhance the learning environment. With our blended-learning instructional model we combine face-to-face interactions with a teacher in a school building, with additional instruction –whether live or recorded – conducted in an online learning environment with some student control over time, place, path or pace.

**Principal of The Edex School
Madam Rizwana Khalid**

The CECOS Family

Building upon the strong and carefully crafted tradition of imparting quality education, CECOS University fulfills a promise of carving out a better future for the youth of this nation every single day, and has been doing so for more than three decades.

Today, CECOS University stands as a fraternity of 5 institutions that have made significant headway within their respective fields, and shall provide The Edex School with a perfect network to draw expertise from, and rely on. Specialists of Biosciences, Industrial Linkages, Management and Information Systems, and various fields of Engineering, will not only be available, but rather enthusiastic, to lend their assistance, guidance and commitment to the bright pupils of our School.
